Ph.D. defence

Statistical inference and perfect simulation for point processes observed with noise

by Jens Lund

Place and time: Friday February 25, 2000, at 13.15
Auditorium 3-03 by staircase 8, Thorvaldsensvej 40

Supervisor: Professor Mats Rudemo, KVL

Committee: Professor Ib M. Skovgaard, KVL
Associate Professor Jesper Møller, Department of Mathematics, Aalborg University
Senior Researcher Dr. Marie-Colette van Lieshout,
Centre for Mathematics and Computer Science, Amsterdam, Holland

The thesis can be obtained by contacting e-mail `Diane.Thomsen@imf.kvl.dk` or it can be down-loaded from `http://www.dina.kvl.dk/~jlund/phdthesis/`.

There will be a reception after the defence at the library of the Department of Mathematics and Physics, Thorvaldsensvej 40, 6th floor.
